

REQUEST FOR PROPOSALS

Notice is hereby given that the City of Terre Haute through the Board of Public Works and Safety is soliciting sealed written proposals for a

IP-BASED TELECOMMUNICATIONS SOLUTION

Proposals will be received at the Board of Public Works and Safety, 17 Harding Avenue, Terre Haute, Indiana 47807 until 2:00 PM (local time) on Monday. **July 23, 2007.**

Current telecommunications services for the municipal government are supplied by a mix of systems and services that had been purchased by individual City departments in the past to meet the department's needs because there was no overall City department responsible for all telecommunications services. This request for proposals is the start of the initiative to move toward a centrally administered, converged telecommunications and data network to serve all City of Terre Haute municipal functions.

The Board of Public Works and Safety reserves the right to reject any or all proposals in whole or in part, to waive any technicalities and formalities therein to discuss the proposals with individual offers, and to accept the proposal considered to be in the best interest of the City of Terre Haute.

Specifications may be picked up at the office of the Administrator Board of Public Works and Safety City of Terre Haute, 17 Harding Avenue, Terre Haute, Indiana 47807 (812)232-4767.

Witness my hand and seal for the Board of Public Works and Safety of the City of Terre Haute, Indiana this 27th day of June 2007.

**BOARD OF PUBLIC WORKS AND SAFETY
CITY OF TERRE HAUTE, INDIANA**

Robin A. Drummy, Administrator
